2.1 Data and information used on Skills Route and disclaimer

- (a) The data presented on the Website has been gathered from a number of different sources including the Higher Education Statistical Agency (HESA), the Department of Education (DfE), the UK Commission for Education and Skills (UKCES) and from educational institutions. Note that

while Skills Route provides access to these data sources, we are not responsible for the quality of the raw data used.

- (b) We are partially reliant on third party sources of data for the information shown on the Website. This includes information uploaded by schools and colleges to the DfE's Post-16 Course Database. Where a school or college has not uploaded their planned curriculum data, we may use alternative historical sources. Therefore, the courses shown may not always reflect the courses that will be offered in the following year at individual Providers. In all cases, information provided on the Website should be treated as indicative. For up to date information on courses being offered, you should always contact the course Provider. Even in the event that a Provider intends to run a course, in some instances the course may not run due to low uptake or other unforeseen circumstances.
- (c) If you feel that any data on the courses and Providers shown on the Website is erroneous, then please email us at feedback@skillsroute.com, clearly specifying the data issue identified. However, note that it may not always be possible for us to update the raw data if we are unable to verify its accuracy.
- (d) Information on projected salaries for different careers is based on data provided by UKCES which provides the salaries and the number of jobs available at different levels of qualifications. This data is modelled, therefore all salary data should be treated as an average of all historical salaries of people with your selected route. It may be possible to achieve a higher salary with the same Route, or indeed a lower salary, especially when factors such as the region of the job are taken into account.

2.1.1 Website Availability

The Website will normally be available 24 hours a day. However, we make no guarantees that the Website will be available for 100% of the time, as there may be periods of site maintenance or server outages that necessitate some downtime.

By using Skills Route and by registering a Skills Route account, you are consenting to the use of your information as set out in this privacy statement. If you do not agree to any of the provisions of this privacy statement you should not use the Skills Route Website.

For the purpose of the Data Protection Act 1998 (the Act), the data controller is Skills Route Limited of 64-66 Wingate Square, London, SW4 0AF England.
